

# The faster way to close the books

## Tailored spend workflows

Moss provides an **all-in-one spend management solution** tailored for finance professionals, emphasizing real-time budget tracking, custom approval flows and pre-accounting automation.

It features employee cards with adaptable spend limits, automated receipt management, and month-end closing facilitation through seamless accounting integrations.

### Corporate cards

- Flexible and secure spending options
- Real-time control
- Empowering employees with autonomy
- Ensuring expenditures align with company budgets

### Employee Reimbursements

- Easy submission, approval, and reimbursement of all business-related expenses
- Automated workflows and digital receipt tracking
- Reducing manual effort and increasing visibility into company spending

### Accounts payable

- Streamlines time-intensive manual invoice processing
- Reduces errors in data entry
- Simplifies complex approval tracking
- Secures timely payments

## Secure and trusted by 3,000+ businesses

*"Having expenses, cards, and invoices all in one place has made it more efficient instead of using 3-4 different softwares. We've had an uptick in receipts actually being uploaded because it's so easy to use."*

Tori Griffith, Finance Controller @ Florence
